Show intro - Theme

The theme here is Oi!.

From the seventies through the early 2000's.

I dug deep in the collection, and pulled out some stuff I haven't heard in over a decade!

I'll cover British Oi!, and American Oi!; avoiding political and controversial bands.

The originals, and those that grew out of the seeds planted by the originals.

Creating all this negativity and sorrow. It's disgusting.

Stop blaming other people for what's wrong with your life.

Grow up, be an adult, get your shyt together.
